+91-9895205869 | anoobma@gmail.com | linkedin.com/in/anoob-muckath-azees-76486898 | Kochi, Kerala | US B1/B2 Visa (Valid: May 2033)

PROFESSIONAL SUMMARY

Dynamic and results-oriented Healthcare BPO Senior Manager with 18 years of progressive experience in US Healthcare Provider Operations, including Provider Credentialing, Contracting, Data Management, and Healthcare Analytics. Proven track record of leading 100+ member cross-functional teams, managing end-to-end process transitions, and driving operational efficiency through automation and strategic planning. Skilled in stakeholder management, RFP development, capacity planning, and leveraging Power BI, Python, SQL, and Excel VBA to deliver measurable business outcomes.

PROFESSIONAL EXPERIENCE

Senior Manager – Healthcare Analytics | EXL Services, Kochi, Kerala

July 2024 – Present

- Lead end-to-end delivery of healthcare analytics and Provider Network operations (Credentialing, Data Services) for multiple clients
- Drive strategic planning to optimize data service operations via automation, resulting in improved efficiency and client satisfaction
- Collaborate with cross-functional stakeholders to identify automation and technology integration opportunities, reducing operational costs
- Spearhead business development efforts, including RFP creation, capacity planning, and change order management

Manager – Healthcare Analytics | EXL Services, Kochi, Kerala

October 2021 – June 2024

- Managed 100+ member teams across multiple India locations within the Provider Network vertical
- Successfully executed virtual process transitions for 10+ processes covering training, ramp-up, and go-live stages
- Provided leadership, coaching, and mentoring to build a culture of excellence and continuous improvement

Lead Assistant Manager – Provider Data Management | EXL Services, Kochi, Kerala

July 2018 – September 2021

- Served as Delivery Lead for 2 US Healthcare Provider Data Management teams with 30+ members across multiple locations
- Developed and maintained a centralized internal audit and quality analysis tool, improving QA efficiency
- Built a production automation tool that delivered measurable client benefits and directly contributed to new business acquisition

Assistant Manager – Healthcare Operations | EXL Services, Kochi, Kerala

February 2016 – June 2018

- Managed a team of 35 members, overseeing quality performance for Patient Assistance Programs across 3 major pharmaceutical clients
- Joined as Quality Office Supervisor for US Healthcare clients, ensuring adherence to SLAs and compliance standards

Assistant Manager – Banking Operations | EXL Services (formerly OPI), Kochi, Kerala

August 2014 – December 2015

- Supervised cheque fraud verification team of 12 members serving 2 major Canadian banks
- Developed VBA-based internal training applications mirroring client systems, significantly reducing end-customer error impact

Senior Executive → Process Associate – Banking Operations | EXL Services (formerly OPI), Kochi, Kerala

January 2008 – July 2014

- Worked as Subject Matter Expert (SME) in cheque clearing, exception handling, and customer account management
- Processed ATM deposit transaction reconciliation and data entry for Canadian banks
